Located in the heart of the Palmeraie, some 15 minutes from the centre of Marrakech, this property offers a high standard of comfort and service. The location is perfect for large groups of up to 26 persons.

The property can be taken as a whole or, using the separate private and walled "Kasbah" where there are 4 suites and private pool, accommodate 8 persons.

The location is within easy reach of many other properties we feature in the Palmeraie and can be used for clients who require a number of private properties in close proximity to each other for a large event. Within 5 minutes drive we can accommodate up to 80 persons split between 5 private properties.

Large shaded terraces and plentiful "corners" in the gardens provide many places to dine outside.

With 14 rooms and suites (2 rooms being singles) up to 26 persons can be accommodated here. All the rooms have en-suite facilities and 5 provide a Jacuzzi bathroom.
